LS to BB #2

Year of the \_\_\_\_\_  
[animal]

Dear \_\_\_\_\_,  
[name of close friend]

I'm \_\_\_\_\_ you this letter, as usual, for no particular reason, and I'll try to  
[verb ending in -ing]  
have \_\_\_\_\_ deliver it to you so you can \_\_\_\_\_ it before we meet for  
[name of volunteer] [educational verb]  
\_\_\_\_\_ practice. It's easy to write \_\_\_\_\_ during \_\_\_\_\_ class, as the  
[special skill] [plural noun] [odd subject]  
tedious, \_\_\_\_\_ instructor simply mutters the same lessons about \_\_\_\_\_  
[unhappy adjective] [boring topic]  
over and over. He'll probably drone on for years and years to come.

Meanwhile, \_\_\_\_\_ people such as yourself are in \_\_\_\_\_. I can  
[complimentary adjective] [delightful school subject]  
hear you \_\_\_\_\_ around on the creaky wooden \_\_\_\_\_ above me.  
[verb ending in -ing] [harmless noun]

You and \_\_\_\_\_ are probably learning how to convey \_\_\_\_\_ messages in  
[name of associate] [confidential descriptor]  
\_\_\_\_\_ dialog as I write this. The only other student I know in this class is  
[fancy adjective]  
\_\_\_\_\_, who is nothing but an \_\_\_\_\_. As I write this he is filling his \_\_\_\_\_  
[name of your archenemy] [irritating noun] [useful possession]  
with anagrams of \_\_\_\_\_ words. I'm tempted to tell him there is no such thing  
[ugly sounding adjective]  
as "a wet viper perm," but after the incident with the bottle of \_\_\_\_\_ and the  
[valuable liquid]  
\_\_\_\_\_, I think it's better to spend my time inside "My Silence Knot" whenever  
[delicious beverage]  
that \_\_\_\_\_ raises his \_\_\_\_\_, \_\_\_\_\_-eyebrowed head.  
[insulting name] [disapproving adjective] [number]

I'm quite \_\_\_\_\_ about our upcoming excursion. I know you and \_\_\_\_\_ will  
[pleasant adjective] [name of associate]  
be climbing partners, but I hope you might join me for a few hours of \_\_\_\_\_  
[geographical feature]  
exploration. My sister has told me there are \_\_\_\_\_ to be found there, and I would  
[alarming animals]  
love to spend some time with a certain \_\_\_\_\_. No matter where we are—far away  
[job title ending in -er]  
in the \_\_\_\_\_ or downstairs in the \_\_\_\_\_, \_\_\_\_\_ in the  
[memorable place] [room in a school] [exhilarated verb ending in -ing]  
ocean or hiding in a \_\_\_\_\_ —I enjoy being together with you, and I miss you when  
[standard vehicle]  
we are not.

I miss you. See you in a few \_\_\_\_\_.  
[plural unit of time]
